

What is Association Missions Week?

Dover Baptists observe Association Missions Week in May each year. We use it to inform the churches about the role and work of the association. We also use it to call attention to and connect Dover Baptists with a variety of local missions and ministries.

Dover congregations give a portion of their regular offerings to fund most of the association's ministries. This special offering supplements and helps support more ministries and mission efforts through our gifts. In addition to ministries and mission efforts included in this year's offering, Dover provides resources, consulting services, leadership training, and many other services that help our churches.
